1. Have each child color a copy of the pendant.
2. They will then cut out around the outside of the pendant. Assist each child as needed with the cutting.
3. Punch two holes in the top of the pendant where indicated. Older children (5 - 6 yrs old) may be able to do this step. Younger children will need you to do this for them.
4. Lace the yarn through the holes and tie a knot to fit around each child's neck.

Time-saving tip:

You can pre-cut, punch and lace the pendants ahead of time. The children will only need to color the pendants.
